

## **STATEMENT RE GENERAL DATA PROTECTION REGULATION ("GDPR")**

The GDPR is coming into force in May 2018. This statement applies both to the GDPR as enacted and as subsequently re-enacted and/or modified.

The Club through its website, via its banking arrangements with its members and in its List of Members as periodically updated, maintains a certain amount of personal data relating to members including details such as dates of birth, postal and email addresses, telephone

numbers, necessary for the better administration of the Club's operations. In general, this data needs to be accessible by members in order for the Club to be run more easily, economically and openly for the benefit of its members. In the case of members' bank and credit card details, these are accessible solely by the members in relation to their own personal accounts and by the Hon. Treasurer or any person(s) authorised by the Committee to act in that capacity. These details, alike with other personal information available from the website, are accessible only via a personal password.

All the above information is used solely in furtherance of the Club's activities and will not knowingly be divulged to any third party without the relevant member's express consent (which consent will be deemed to have been given in relation to bank account and credit card information to be passed to the Club's bankers).

By the same token, members, by virtue of their continued membership of the Club:

- a) agree to keep personal information in relation to other members, whether acquired via the website or the List of Members, via emails or by other means, confidential;  
and
- b) undertake to use the same solely in connection with the Club's legitimate purposes and activities.

Unless the Committee, via the Hon. Secretary or the Hon. Treasurer hears from a member to the contrary in writing, the Committee will assume that such member is comfortable with the expression of intent and the Club's policy in relation to confidential data, as reflected in the above Statement. Please also note that it will always be possible for you to withdraw your approval of, and consent to, the Club's policy and approach by informing us in writing (including via email) addressed to any one of the officers mentioned at the start of this paragraph.
